Administration

"How best to educate?" -
a constant challenge to
those in charge.

WAYNE E. SWIHART
Superintendent of Metropolitan
School District

ALBERTA KLASNER
Secretary to Mr. Swihart

Metropolitan School Board

LEFT TO RIGHT: Harold DeVault, President; Edward Nowak, Board Member; Leland W. Ladd, Treasurer; Marcus R. Coffman, Vice-President. (NOT PICTURED: John L. Howard, Secretary).

HAROLD E. STRYCKER

We, the Seniors of Calumet High, would like to express our sincerest gratitude to Mr. Harold Strycker, for his encouragement and the interest he has taken in each and every member of the Senior Class of 58.

Mr. Strycker came to Calumet September 1945, and previous to that he taught in Bristol, Indiana.

He ascended to the position of principal after one year as assistant principal.

He received a Bachelor of Arts degree from Manchester College here in Indiana and did graduate work for his Master of Arts degree at Indiana University.

MAX W. HILE

A new member of the administration this year is Mr. Max W. Hile, assistant principal and dean of boys. Mr. Hile attended the University of Notre Dame from 1941 to 1943. He served in the U.S. Army for 3 years, after which he re-entered the University of Notre Dame in 1946 and graduated in 1948 with a Bachelor of Science degree.

His first year of teaching was at Winchester, Kentucky. He received his Master of Arts degree from the University of Kentucky in 1950. The next position he held was at Adamsville, Tennessee in one of their high schools. The next four years were spent as principal of that high school. In 1956, he returned to Indiana and taught at Oxford, Indiana.

Special classes for students who had done superior work in English were scheduled in grades nine, ten, and eleven for the first time this year. Both students and teachers seem happy with the program. Six of our top juniors and seniors took achievement tests at Crown Point and hope to qualify for Bloomington.

Music

The music department headed by Mr. Victor Barbieri and Mr. Thomas Clark has been very active. The dance band has made many engagements. The Senior "A" band have appeared in parades and a few members have played at basketball and football games.

The A Cappella Choir has been very active, too.

FIRST ROW: John Tsangaris, Lela Cooke, Clyde Rainford. SECOND ROW: William Miller, Dan Katchaturoff, Milos Karigan.

Subjects in the field of Social Studies are the records of man's progress, or lack of it, throughout the ages. This record is in History, Geography, Government, Economics and Sociology. The experience, knowledge and philosophy that comes down to us from the past is an invaluable source of direction to us in the present day.

Librarian

The library assistants were organized to promote a service to the school by: assisting students with reference work in connection with their course work, encouraging members of the club to take an active interest in reading, providing some way by which the student can serve his or her school.

Math

STANDING: J.F. Duncan, Raymond Kirk, Jos. Dolak, SEATED: Robert Smead, Pauline Yatsko, Walter Murzyn.

Mathematics is known as the exact science. It is taught not only for its utilitarian value but also for its merits as a logical system of thought and reasoning. Training in planning and making correct decisions from known existing facts are its fundamental characteristics. Mathematics is the tap root of all sciences. Without it the world would progress very slowly if at all.

The Athletic Department at Calumet High School gives boys a diversified athletic program.

The program includes basketball, football, cross country, baseball, track, and golf. The above sports should provide adequate opportunity for students participation in a variety of sports.

Along with this varied program of sports, the department is attempting to arrive at a quality of participation that will put us on a par, or above, with the surrounding schools in the area.

Home Economics

The Homemaking Department prepares girls to become future homemakers of tomorrow. The curriculum includes clothing, foods, child care, home nursing, interior decorating, and preparation for marriage.

Commercial

Joseph Yacko, Lillian Kelavos, John McCall

The Commercial Department prepares the students to meet the varied aspects of the business world. It gives them the basic knowledges of today's business and prepares them to further their education in business or job offerings for high school graduates.

Art

Students in the Art Department have training in drawing, painting, chalk drawing, sculpture, modeling in clay and various other craft media.

Each spring Miss Johnson plans an Art Exhibit which is scheduled in conjunction with the Music Department Festival. Later, on Award Day, special mention is made of students who have done outstanding work in art. This year several students entered the H. Gordon and Sons' advertising contest.

Trying to forget ? . . .

..... how well you and Mr. Strycker
got to know each other after a while.

..... those last-minute cram sessions.

..... the pictures that did NOT mean
more than a thousand words.

..... the pungent aroma of "rotten eggs."

Remember ? . . .

The busy Saturday afternoons . .

The job after school . .

The ones that didn't buy any gas after they had their windows cleaned, oil checked, and air put in their tires . .

The unexpected storm . .

Those hidden artistic talents . .

..How long it took for the postman
to deliver "that" letter.

.....those late, late, late, shows.

....how you look forward to winter.

.....when etiquette was ignored.

.....those rare quiet moments alone.

Never Forget

.....the excitement of homecoming.

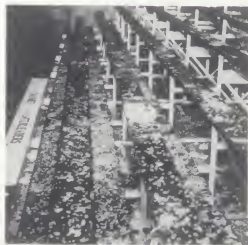

.....the "Teens against Polio" drive.

.....the rush at half-time.

.....our moments of glory.

.....the memories that linger on.

Seniors

Here we have the
finished product.

Sharon Godfrey and Bob Will Are Winning
Couple For The Year (1957-58)

Tony Umlauf

It wasn't very long ago
When Tony went away
And tho' he's gone, he's not forgot
In hearts he'll always stay.

It seems like only yesterday
His life was rich and full
Then suddenly God beckoned him
To leave his friends at school,

To leave his family and his home,
To leave us here below
To go with God and live in peace
Unknown to us, and though

The memories his name calls forth
Bring silence and a tear,
We'll ne'er forget the happiness
He brought when he was here.

School activities break
the regular monotony
and give us variety.

Activities

Student Council

The Student Council members are composed of students elected from each homeroom representing that room in a group authorized to discuss student problems. This year there are eight representatives from each class.

The objectives of the Student Council are to create and maintain school spirit and good citizenship, to interest students in school activities, and to stimulate a spirit of cooperation among the students and the faculty.

SPONSOR: Mrs. Lela Cooke

The accomplishments brought about by the council are as follows: the election of freshman officers in the fall, the election of other class officers in the spring, the assemblies, the rental of the juke box for student entertainment, and Career Day, which is held each spring to help students decide on a future career. The council has also sponsored students to attend two Student Congresses held at Gary Lew Wallace and at Purdue University.

Honor

SPONSORS SEATED: Mr. McCall, Mrs. McAllister, Mr. Dolak. OFFICERS STANDING: Don Jewell, President; Bob Page, Vice President; Nancy Weltze, Secretary; Jerry Tovsen, Treasurer; Rich Busse, Reporter.

The Senior Honor Society was organized to lead the students to a better scholastic standing and to inspire good citizenship, service to the school, leadership in activities for the advancement of the welfare of the school, and good character. The members are expected to set an example for other students.

Each year members present an induction ceremony for students who reach the goals set by the society.

The society has bought a bond from the Calumet Township Holding Corporation, sent a girl to Girl's State, and sponsored a trip to the Indiana University Campus for the seven members of the society who wanted to go.

what's
their
future

The young people you see in these pictures are all on their way to successful careers in one of America's basic industries...steel. They decided (as we hope you will decide) to let Inland Steel Company help them plan their future.

Some are gaining knowledge and experience in special trades to become journeyman machinists, carpenters or electricians...some are concentrating on certain phases of steelmaking by working in the open hearth shops, the cold rolling mills or the galvanizing lines. Still others

are working in laboratories building a sound foundation for a future in steel research.

Inland offers the high school graduate an excellent opportunity to further his education. Employees may participate in a variety of on-the-job training programs, or they can continue their formal education by registering for evening courses offered by local Purdue and Indiana University Extension Centers.

Plan now to investigate the unlimited opportunities for you in steel...with the midwest's own steel company...INLAND STEEL.
